ePASS SES Workstation

EntraPASS Special Edition Workstation

Loaded on a powerful All-in-One computer, the Special Edition Workstation supplements your ePASS SES Server to enhance the functionality of your access control system.

It is pre-configured for a variety of security levels so other users can view and manage alarms, time zones, access control points or reports[1].

How it Works

EntraPass Special Edition security software controls up to 128 doors (readers or keypads) with KT-100/KT-300 and up to 256 doors (readers or keypads) with KT-400 door controllers. The software is comprehensive and menu-driven. It is easy to learn and operate. Administrators can define or modify parameters such as schedules or access levels, generate reports and activate controlled devices (i.e. locking/unlocking doors, or activating relays for lighting or air conditioning).

EntraPass Special Edition can manage up to 64 sites consisting of KT-100, KT-200, KT-300 and KT-400 controllers (up to 64 controllers).
Software Features

- Fast, user-friendly installation and operation
- Integrates with telephone entry systems
- Embedded Sybase SQL database engine
- Built-in e-mail reporting capability
- Integrates with Exacq video management systems, American Dynamics DVRs/NVRs (VideoEdge, HDVR, ADTVR and Intellex) and DSC PowerSeries and MAXSYS intrusion alarm panels
- Double and triple swipe card at reader (with KT-400 controller) to activate such features as: activate relay, arm alarm system and lock/unlock doors

Hardware Features*

- 23" Full HD Anti-Glare LED-backlit Touch Display
- Intel Core i5-4460S Processor 2.9GHz
- Microsoft Windows 8.1 64-bit
- 8GB DDR3-1600 RAM
- 1TB 5,400RPM Hard Drive
- Intel HD Graphics 4600
- Dell Wireless-N 1707+Bluetooth 4.0

* Comparable models may be substituted

Options*

- Wall mount bracket
- Alarm panel and/or telephone integration
- Kantech Advantage Program for updates and extra training
- Video Integration
- Video Vault for storing video clips
- Redundancy Server protects the database against unexpected failures

*More integration options and upgrades are available upon request.
