

## EntraBOX Time and Attendance Tracking Station

*Mobile Buildings for All-In-One Construction Site Management*

EntraBOX is the smart solution to your Construction Site Management needs. These strong, portable steel units are designed for optimal utility, economy, and comfort. The powerful electronics system inside features global Time & Attendance Tracking. Enjoy all of the benefits that EntraBOX has to offer: save time and money, reduce paperwork and data entry errors, streamline workflow and safeguard your job site.

EntraBOX ships mostly assembled with electronics packed inside!
