* This selection represents only a few of the color possibilities for your turnstile, gate, and canopy.

* We can also powder coat in RAL standard colors, or match sample colors that you provide.

* The powders listed are all exterior grade for maximum durability.

* Lower gloss levels reduce the visibility of fingerprints on surfaces.

* Finishes displayed on screen or printed out are representative only and may vary from the actual color, gloss, texture or appearance. You may request a material sample for matching purposes.

* If you can't find the finish you're looking for, let us know. We're happy to help you choose the right one for the project.
