IMPLEMENTATIONS

PGE Arena Gdansk Stadium

- BUILDING PURPOSE: EURO 2012
- CONSTRUCTION COST: 863 MILLION PLN
- OPENING DATE: AUGUST 14, 2011
- LOCATION: GDANSK, POLAND, EU
- STADIUM CAPACITY: 41,620
- LICENSE: FIFA/UEFA

The Energa Stadium (PGE Arena) in Gdansk, as the venue of the 2012 European Championships, became a prestigious international sports facility in Poland. Currently, it serves as an excellent venue for sporting events and concerts. The stadium hosted performances by artists such as Justin Timberlake, Jennifer Lopez, and Guns N' Roses. With the safety and comfort of users in mind, we provided the stadium with 112 BA3-2-S passages. Specifically designed for the stadium, we created a new secure gate structure with a canopy, serving as a judicial space, ensuring the highest standards tailored to the stadium's needs.
