Guardian Kiosk

Portable Security & Access-Control Workstation

The **Guardian Kiosk** is a durable, mobile security workstation designed for reception areas, controlled entrances, and security monitoring stations.

Featuring a spacious brushed stainless-steel work surface, lockable storage compartments, and heavy-duty casters, the kiosk provides a practical solution for housing operator computers, monitors, access-control equipment, and other security components.

Its modular, electronics-ready construction allows for flexible configurations, with optional shelving, keyboard trays, locking hardware, counter finishes, and LED lighting.
