FIT *Waist-High Tripod Turnstile*

The FIT Turnstile is the best option for projects where price, quality and aesthetics are all factors.

The FIT Turnstile is designed for almost any project and budget. This newly launched product offers the market a robust, reliable, versatile and attractive product at a very competitive price.

Exceptionally robust bidirectional electromechanical mechanism, high impact plastic top cover and a variety of options.

Standard Arm

Long Arm
(Option)

Drop-Arm
Safety

Removable
Top Cover

• ARM LENGTH OPTIONS

The FIT is specially designed to support longer arms in a compact design. Available with a passage width of 17.5 in (444 mm) or optionally 22.3 in (567 mm).

• EASILY MOUNTED AND MAINTAINED

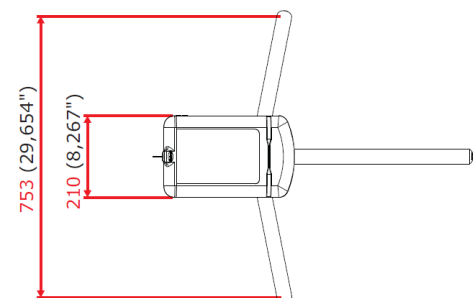

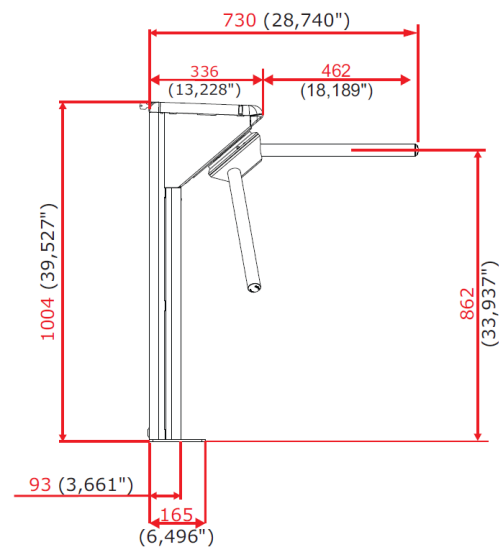

The FIT turnstile has a U-shaped mounting drawer that can be easily removed or replaced on the rear top panel by a key lock, facilitating the assembly and maintenance of electronic components.

• SMOOTH PERFORMANCE

Optical sensors and electromagnets are used to activate locks, thus preventing mechanical wear and increasing equipment life.

• ANTI-PANIC, DROP ARM SYSTEM

The arm drops automatically leaving the passage free in case of an emergency.
